OBJECTIVE

A Full Stack Web Developer with 2 years of experience specializing in HTML, CSS, JavaScript, PHP, and Laravel. Skilled in developing seamless front-end and back-end solutions to create scalable and user-friendly applications. Additionally, experienced in UI/UX design using Figma, crafting intuitive and engaging user interfaces. Seeking a full-time role to leverage my expertise in web development and UI/UX design while continuing to grow technically and contribute to impactful projects.

EDUCATION

Bachelor of Commerce., Calicut University

2016 - 2019

SKILLS

Technical Skills HTML, CSS, JavaScript, PHP, Laravel, MySQL, Bootstrap, UI/UX, Figma.
Soft Skills Critical thinking, Adaptability, Problem-solving, Collaboration

EXPERIENCE

Full stack web developer

October 2024 – Present

Crea-tives Branding and Consolving.

Puthiyapalam, calicut

- Developed and maintained web applications using Laravel, focusing on robust and scalable solutions.
- Ensured timely project completion by independently managing project scopes and tasks effectively.
- Designed and managed efficient databases using technologies like SQL and MySQL for secure data storage and retrieval.
- Worked on hosting and deployment tasks, maintenance, and performance optimization.
- Designed complete websites using Figma for UI/UX, then developed them with front-end and back-end technologies to deliver seamless user experiences.

Full stack web developer

May 05 2023 - August 31 2024

Xpertconsortium Technologies LLP

Mukkam, calicut

- Combine front-end and back-end development skills to create end-to-end web applications
- Collaborate with UI/UX designers to implement design concepts and ensure a visually appealing user experience
- Optimize web pages for performance and load times
- Design and manage databases (e.g. SQL, MYSQL) to store and retrieve data efficiently
- Handle server deployment and maintenance tasks
- Managed project scopes and allocations, ensuring on-time delivery
- Facilitated the development of interns and junior team members by guiding them in learning and adhering to coding standards through comprehensive code reviews and continuous support.
- Adept at utilizing website builders like Wix for quick and efficient web development

PROJECTS

support.posbank.in

web app facilitates product complaint registration. Users can select product types and models, describe issues, and attach images or videos. Admins have access to view and manage these complaints efficiently. support.posbank.in

Raizer.ai

website, implementing both front-end and back-end functionalities. Utilized HTML, CSS, JavaScript, and PHP to create a responsive, user-friendly site that effectively showcased the brand's identity and services. [Raizer.ai](#)

Manoj George School of Music

Designed and developed a responsive website for the Manoj George School of Music, showcasing the achievements and offerings of Manoj George, an Indian violinist and composer. The site features a clean design and interactive elements for a seamless experience on all devices. [manojgeorgeschoolofmusic](#)
